Academic Regulations

Navodaya Institute of Technology, Kanpur | Applicable to all B.Tech programmes

1. Attendance

A student must have at least 75% attendance in each course to be allowed to sit the end-semester examination.

Medical exemption: a student with a valid medical certificate, approved by the Institute Medical Officer, may be allowed to sit the examination with attendance of 65% or above. Attendance below 65% is never condoned.

2. Grading Scale

Marks are converted to grade points on a 10-point scale:

Marks	Grade	Grade points
90 - 100	O	10
80 - 89	A+	9
70 - 79	A	8
60 - 69	B+	7
50 - 59	B	6
45 - 49	C	5
40 - 44	P	4
Below 40	F (fail)	0

3. Supplementary Examinations

A student who fails in up to 3 courses in a semester may appear in the supplementary examination held in July. The fee is ₹500 per course. A student who fails in more than 3 courses must repeat the semester.

4. Re-evaluation

A student who is not satisfied with a grade may apply for re-evaluation:

- The application must be made within 10 days of the result being declared.
- The fee is ₹300 per course, refunded in full if the grade improves.
- The re-evaluated result is announced within 21 days of the application.
- The re-evaluated grade is final.

5. Examination Structure

Each course has 40 marks of internal assessment (two class tests and assignments) and 60 marks of end-semester examination. To pass a course, a student needs at least 40 marks out of 100 overall and at least 24 marks out of 60 in the end-semester examination.

6. CGPA Calculation

SGPA is the credit-weighted average of grade points in a semester. CGPA is the credit-weighted average of grade points over all semesters completed. Courses with an F grade are counted with 0 grade points until they are cleared.

7. Promotion to the Next Year

A student is promoted to the next year if the student has cleared at least 75% of the credits offered in the year so far (about 36 of 48 credits per year). Students with fewer credits are detained and must repeat the year's failed courses.

8. Semester Break and Repeat

A student may take a semester break once during the programme, for up to 1 year, for medical or family reasons. The application must be made before the semester begins and approved by the Dean of Academics. The programme must be completed within 6 years from admission.

9. Examination Malpractice

Use of unfair means in an examination results in an F grade in that course for a first offence and an F grade in all courses of the semester for a second offence. A third offence leads to expulsion from the Institute.

10. Leave of Absence

Students absent for more than 7 consecutive days must submit a leave application to the Head of Department. Approved leave does not change the attendance percentage; it only explains the absence.

11. Definitions

Credit is the weight of a course; a typical 3-hour-per-week course carries 3 credits. SGPA is the grade point average of one semester. Detention means a student must repeat a year or a course. Condonation means the Institute allows a student to sit an examination despite low attendance, for example on medical grounds.

12. Frequently Asked Questions

Q. My attendance is 70%. Can I sit the examination?

A. Only with a medical certificate approved by the Institute Medical Officer, which allows 65% or above. Without it, the minimum is 75% and you cannot sit.

Q. My attendance is 60% and I have a medical certificate. Can I sit?

A. No. Even with medical exemption the minimum is 65%.

Q. I failed 4 courses. Can I take the supplementary examination?

A. No. Supplementary examinations are only for up to 3 failed courses. With 4 or more you must repeat the semester.

Q. How much does re-evaluation of two courses cost?

A. ₹300 per course, so ₹600 for two courses, refunded if the grade improves.

Q. How long do I have to apply for re-evaluation?

A. 10 days from the date the result is declared.
