- Attendance of 75% or above (attendance >= 75%).

Award: ₹50,000 per year, paid in two equal instalments.

The Sports Excellence Scholarship rewards students who have represented at a high level. A student is eligible if:

- The student has won a medal at state level or above in a recognised sport.
- CGPA is 6.5 or above (CGPA >= 6.5).

This scholarship can be combined with the Merit-cum-Means Scholarship. Holding it does not count as 'receiving another scholarship' for Merit-cum-Means eligibility.

Award: ₹25,000 per year.

6. Application Dates

Applications open on 1 June 2025 and close on 31 July 2025. Results are published on 15 August 2025. Late applications are not accepted.

7. Renewal and Cancellation

Scholarships are awarded for one academic year and must be renewed each year through a fresh application. A scholarship is cancelled immediately if:

- The student's CGPA falls below the minimum for that scholarship at the end of the year.
- The student's attendance falls below 75% in any semester.
- The student is found to have given false information, in which case the amount already paid must be returned and the student cannot apply again.
- The student starts receiving another scholarship that is not allowed to be combined with it.

Disbursement is made to the student's bank account in two instalments, in September and in February.

8. Selection and Grievances

The Scholarship Committee, chaired by the Dean of Student Affairs, verifies all applications. If more eligible students apply than funds allow, awards go to the applicants with the lowest family income; ties are broken by higher CGPA. A student who disagrees with a decision may appeal in writing to the Dean within 7 days of the result.

9. Definitions

Family income means the total annual income of the student's parents or guardians from all sources in the previous financial year, as shown on the income certificate. CGPA means the cumulative grade point average on the 10-point scale shown on the latest grade card.

Attendance means the overall attendance percentage in the preceding semester. Other scholarship means any scholarship paid by a government, trust or company, but not a fee concession given by the Institute itself.
